Curriculum Overview

Pre-Primary -Term 4, 2024

Sport

In Pre-Primary Sport, students will be introduced to the basics of basketball through fun, age-appropriate activities. They will practice simple skills like bouncing the ball, catching, and shooting in a playful environment. The focus will be on participation, coordination, and developing confidence while learning through games. Emphasis will be placed on enjoyment, teamwork, and movement as they explore the fundamentals of basketball.

Health

In Pre-Primary Health and Social Education, students will explore important topics through engaging and relatable stories. These stories will focus on themes like friendship, sharing, and understanding emotions, helping children develop social skills and empathy. Lessons will also cover basic health habits, such as hygiene and nutrition, in a fun and simple way. The emphasis will be on building positive relationships, self-awareness, and making healthy choices in everyday life.
