

KINDY

Connections

WHAT IS KINDY CONNECTIONS?

We are excited to present Kindy Connections. A four-week program on Friday mornings that **parents and children attend together** to assist with the transition to Kindy. St Joseph's staff will be guiding parents and children through a range of activities that assist with developing skills through play as well as a time for parents and children to make connections with staff and each other.

Please join us on 23rd October for the introductory session.
